

The International Society for Quality of Life Research (ISOQOL) is a charitable nonprofit organization working to advance the scientific study of health-related quality of life and other patient-centered outcomes to identify effective interventions, enhance the quality of health care and promote the health of populations. ISOQOL partners with individuals and corporations who share the vision of fostering the worldwide exchange of information through: scientific publications, international conferences, educational outreach, and collaborative support for health related quality of life initiatives.

The ISOQOL Leadership request a donation from you to help to support our mission.
