# Steps to Become a Reviewer of an ISOQOL Journal

1. **Navigate to the Editorial Manager page of the journal you wish to review:**
   a. Quality of Life Research:
      https://www.editorialmanager.com/qure/default.aspx
   b. Journal of Patient-Reported Outcomes:
      https://www.editorialmanager.com/jpro/default.aspx

   Note: you must create a unique registration for each journal you wish to review.

2. **Select *Register Now*.**

3. **Enter your name and email address (or use your ORCID Record) and click continue.**

4. **On the next screen, set your login details (username and password) and enter your personal information.**

5. **On the same screen, complete the "Institution Related Information" and "Areas of Interest or Expertise" fields.** *Reference the screenshot on the next page for the information you will be asked to provide.* Please provide a professional and <u>detailed</u> profile, including:
   - Your university, institute or company affiliation and corresponding email address (not a private one)
   - Areas of expertise, selected from the provided keywords
   - Personal keywords in the free-text field

Steps to Become a Reviewer of an ISOQOL Journal

Once you complete your registration (see next steps), the information you provide in this profile allows the journal editors to find you and assign relevant reviews. Therefore it is very important that you provide detailed and accurate information.

Note: you may continue to edit your profile after completing your registration.

6. **Click next, confirm the listed details, click "continue," and check your email for a registration confirmation message.**

Steps to Become a Reviewer of an ISOQOL Journal

7. **Navigate back to Editorial Manager page of the journal you wish to review:**
   a. Quality of Life Research:
      https://www.editorialmanager.com/qure/default.aspx
   b. Journal of Patient-Reported Outcomes:
      https://www.editorialmanager.com/jpro/default.aspx

8. **Enter the login credentials you just created during registration, and click "Reviewer Login":**

Once you are logged in, you will be able to see review invitations and assignments. The "Update My Information" option can also be used to update your profile.
