

SIG Name: United Kingdom & Ireland SIG

Date: 15 February 2019

SIG Co-Chairs: Anju Keetharuth and Grace Turner

Board Liaison: Kim Cocks

Mission: The overall aim of the United Kingdom and Ireland SIG would be to promote research into use of PROMS in the UK and Ireland. We would hope to address important methodological issues, discuss UK PROM developments as they arise. This will be an opportunity to encourage and facilitate networking, and support engagement with users (policy, clinical and patients). Support could also be provided for research students and fellows, new UK investigators and first time attendees at ISOQOL.
