UPDATING YOUR PROFILE

There are five main tabs to your ISOQOL member profile. These include Personal, Employer, Contact and Professional Information, as well as SIG Sign-Up. »

Editing Your Professional and Contact Information

These two tabs will need to be updated if you change affiliations or jobs, graduate, or earn a new credential. This will help other ISOQOL members get in touch with you and will allow ISOQOL staff to tailor messages to your professional interests.

Opt In/Out of Member Directory

Under the Contact Information tab, you have the option to opt in or out of the Member Directory. The directory is a networking tool for members only and is protected on the Members Only webpage. When you join ISOQOL, members are required to select if they would like their information posted to the directory. If you wish to change your selection at any time, access your profile and select the corresponding box.

Opt In/Out of Communications

There is a section titled Contact Preferences under the Contact Information tab on your profile. Here you can choose which communications to be excluded from, including email, fax, the members-only directory listing, postal, and sales communication. Simply check the box next to the communication to be excluded from it.

— **Membership Directory**

The Member Directory is used as a networking tool for members only. The ISOQOL Membership Directory is password protected on the Members Only webpage of the ISOQOL Website and displays only your contact information.

- ◉ Yes, post my information in the Membership Directory.
- ○ No, do not post my information in the Membership Directory.

— **Contact Preferences**

USING THE MEMBER DIRECTORY

The Member Directory is a networking tool that allows ISOQOL members to search for other members based on different criteria. It is accessible by logging into the Members Only webpage of ISOQOL's website and clicking on "Member Directory." »

How to Search

There are several different ways to utilize the directory. The first option, which is the default landing page of the directory, is to select Browse. Browsing the directory shows all members of ISOQOL in alphabetical order by last name, with 20 results per page. To jump somewhere in the alphabet, click on the green letter you wish to jump to.

The second option is to use the Quick Search button. Clicking on this will cause a search bar to load. Here you can type in a first name, last name, degree, or affiliation and it will pull the result of any members who match that criteria.

Another way to search in the Member Directory is by location. When you utilize the Geographic Search button, you can search by city, state or province, or country. This is helpful for finding other members in your area!

Lastly, you can do a Specialty Search. Here you can use the drop-downs to select a specialty, employer type, or Special Interest Group. All of these drop-downs can have criteria, or you can search using just one.

Remember: The Member Directory is most useful to everyone when your contact info is up-to-date!

SELECTING YOUR SIGS AND REGIONAL NETWORKS

Special Interest Groups (SIGs) and Regional Networks (RGNs) allow you to connect with professionals who are either in your geographic area or have a similar career focus, for networking and collaboration. Joining a SIG or RGN allows you to make the most of your membership by finding your community. »

How to Join
Joining a SIG or RGN is as easy as checking the boxes next to the ones you want to join! Access your Member Profile and select the SIG Sign-Up tab.

There is no limit to the number of SIGs or RGNs you can join. Keep in mind that SIGs and RGNs are most useful to everyone when all members are engaged, and actively engaging is a great way to earn a leadership role!

I want to be a member of the following SIGs.

☑ Australia and New Zealand
☐ Canada PRO
☐ Child Health
☐ Chinese PRO
☐ Health Preference Research
☐ Ibero-America

SAVE CHANGES >

Once you have selected the groups you want to join, ISOQOL staff will add you as a user in Teamwork, where you can interact with fellow members.

How to Leave
To remove a SIG or RGN from your online profile, simply uncheck the box next to the group you wish to leave.

Visit the ISOQOL website to learn more about Special Interest Groups and Regional Networks. »
