

# Overview of ISOQOL Leadership

---

## Board of Directors

The Board of Directors (BOD) is the governing body of ISOQOL and is responsible for directing the efforts of the society toward the fulfillment of its purposes. They are also responsible for the control and oversight of all operations, including programs and services, as well as the finances. ISOQOL's BOD is composed of a President, President-Elect, Treasurer/Secretary, Executive Director (non-voting position) and nine Directors-at-Large.

## Executive Committee

All BOD members holding an officer position constitute the Executive Committee. Their role is to advise and assist the president in overseeing the operations of the society. They may act on behalf of the Board in the interim of scheduled meetings and shall report to the Board any actions for ratification.

## Council

Councils coordinate BOD connections to and liaisons with the committees, Special Interest Groups (SIGs) and task forces. Councils are composed of BOD members acting as a liaison within a council and serve in an advisory ex-officio role.

## Liaison

Liaisons have an advisory role to support, connect and guide the committees, SIGs, and task forces of ISOQOL. BOD members serve as liaisons in an advisory ex-officio role.

## Committee

Committees oversee ongoing activities driven by the strategic plan and direction from the BOD. Each committee is composed of a limited number of rotating members selected to serve for limited terms (i.e., three years).

## Task Force

Task forces oversee time-limited activities identified by the BOD, potentially in response to the strategic plan, committees and/or SIG activities. Each committee is composed of a limited number of members serving only the length of the task force charge.

## Special Interest Group (SIG)

SIGs are responsible for ongoing activities driven by the grassroots interests of SIG members. SIGs allow members to connect by geographic area or career focus. Membership is unlimited without term restrictions.

## Judging Panel

Judging panels are charged with selecting award winners. Membership varies by award.
