

Roles and Responsibilities

Travel Scholarship Selection Panels

2026

Purpose

The Travel Scholarship Selection Panels are charged with reviewing Annual Conference travel scholarship applications and recommending deserving recipients to ISOQOL Leadership. Each panel consists of 2-4 members that review a separate awards category.

Volunteer Commitment (3-6 hours total):

- Attending a 1-2 hour selection call early May. ISOQOL staff will schedule and lead this call.
- Independently reviewing scholarship materials in advance of the selection call and identifying “standout applicants” (2-4 hours depending on the volume of applications).

Note: the exact time commitment for this role will vary based on the number of applicants.

All ISOQOL members who are not applying for a 2026 Travel Scholarship are eligible for this volunteer role. As ISOQOL assigns volunteers in these roles, we will seek to ensure fair representation of the membership.

Patient Research Partner Travel Scholarship Panel

Purpose
